Respected Sir/Madam,

Subject: Incorporating the changes in the curriculum based on the analysis of various stakeholders-Reg

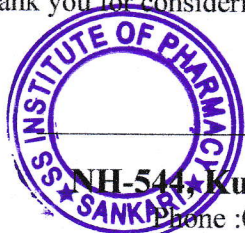

I am writing to request the alteration of a non-university paper for the B.Pharm lateral entry students at our university web portal for continuous improvement of the students.

As per the current curriculum, the lateral entry students are required to take the same non-university paper as the regular students, despite the difference in academic background and course structure. This has resulted in a significant challenge for the lateral entry students in coping with the requirements of this paper.

In light of these difficulties, we kindly request the university to consider altering the paper, either by introducing a modified version tailored to the specific academic needs of lateral entry students or by allowing an alternative examination format.

We believe this change will enhance the learning experience for these students and ensure a more balanced academic workload. We are happy to discuss this matter further and provide any additional information that may assist in this process.

Thank you for considering our request. We look forward to your positive response.

Respected Sir/Madam,

Subject: Seeking For Curriculum Up Gradation In The Syllabus-Reg

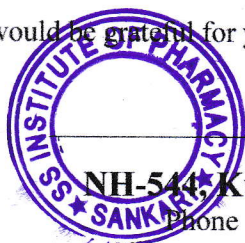

As per the cited subject, we collected the feedback on B. Pharm curriculum from various stakeholders Like students, teachers, alumni and employers during the academic year of 2022-2023. we feel it's our duty to convey the analysis of the feedback to the board of studies. Here are some issues mentioned below which needs to be addressed on priority basis. The following recommendations was submitted to university for benefit of the students

Details to be collected with different students regard to Elective Subject of VIII Semester B.Pharm from Life Sciences Sector Skill Development Council and need to be placed in the next Board of Studies the elective paper will greatly benefit the students by providing them with crucial knowledge and skills relevant to their academic progression and future career prospects.

This elective paper will greatly benefit the students by providing them with critical knowledge and skills relevant to their academic progression and future career prospects. The content of this subject is not only aligned with current industry trends but will also enhance the employability and technical competence of the students.

Given the importance of this subject and its practical application in the professional world, I respectfully request your approval for the allotment of this elective for the benefit of all students in the VIII semester. I am confident that this will contribute significantly to their academic growth and future success.

I would be grateful for your prompt consideration and response regarding this request.

Table-VIII: Course of study for semester VIII

Course code	Name of the course	No. of hours	Tutorial	Credit points
BP801T	Biostatistics and Research Methodology	3	1	4
BP802T	Social and Preventive Pharmacy	3	1	4
BP803ET	Pharma Marketing Management	3 + 3 = 6	1 + 1 = 2	4 + 4 = 8
BP804ET	Pharmaceutical Regulatory Science			
BP805ET	Pharmacovigilance			
BP806ET	Quality Control and Standardization of Herbals			
BP807ET	Computer Aided Drug Design			
BP808ET	Cell and Molecular Biology			
BP809ET	Cosmetic Science			
BP810ET	Experimental Pharmacology			
BP811ET	Advanced Instrumentation Techniques			
BP812ET	Dietary Supplements and Nutraceuticals			
BP813PW	Project Work	12	-	6
Total		24	4	22

Table-IX: Semester wise credits distribution

Semester	Credit Points
I	27/29 ^S /30 [#]
II	29
III	26
IV	28
V	26
VI	26
VII	24
VIII	22
Extracurricular/ Co curricular activities	01*
Total credit points for the program	209/211^S/212[#]

* The credit points assigned for extracurricular and or co-curricular activities shall be given by the Principals of the colleges and the same shall be submitted to the University. The criteria to acquire this credit point shall be defined by the colleges from time to time.

^SApplicable ONLY for the students studied Physics / Chemistry / Botany / Zoology at HSC and appearing for Remedial Mathematics course.

[#]Applicable ONLY for the students studied Mathematics / Physics / Chemistry at HSC and appearing for Remedial Biology course.

Semester VIII

Course code	Name of the course	Internal Assessment			End Semester Exams		Total Marks
		Continuous Mode	Sessional Exams	Total	Marks	Duration	
BP801T	Biostatistics and Research Methodology – Theory	10	Marks 15 Duration 1 Hr	25	75	3 Hrs	100
BP802T	Social and Preventive Pharmacy – Theory	10	Marks 15 Duration 1 Hr	25	75	3 Hrs	100
BP803ET	Pharmaceutical Marketing – Theory						
BP804ET	Pharmaceutical Regulatory Science – Theory						
BP805ET	Pharmacovigilance – Theory						
BP806ET	Quality Control and Standardization of Herbals – Theory
