Dear All,

We are pleased to announce a forthcoming workshop titled "**Green Chemistry in Pharmaceutical Manufacturing: Principles and Practices**," organized by the Department of **Chemistry**. This workshop aims to delve into the ultimate strategies and principles of green chemistry in the pharmaceutical industry, focusing on practical applications and innovations.

The workshop will be held on **09/06/2023** at **10.00am-12.00am** in **SSIP Class Room**. We encourage all faculty members and students to attend and participate actively in this enlightening event.

EVENT REPORT

DATE:12/06/2023

Subject: Report on the Workshop "Green Chemistry in Pharmaceutical Manufacturing".

Respected sir,

Introduction:

The Department of Chemistry successfully organized a workshop on "Green Chemistry in Pharmaceutical Manufacturing" on 09/06/2023. This workshop was part of our ongoing efforts to educate and inspire our students and faculty about sustainable practices in the pharmaceutical industry.

The workshop on "Green Chemistry in Pharmaceutical Manufacturing" was a significant success, contributing to the educational and professional development of our students and faculty. It also reinforced our department's commitment to promoting sustainable practices in the pharmaceutical industry. We look forward to organizing similar events in the future.

Acknowledgments:

We would like to extend our gratitude to the guest speakers, organizing committee, faculty members, and students who made this workshop a success. Special thanks to the administration for their continuous support.

Respected sir,

The Department of **Pharmacognosy** successfully organized a Webinar on “**Phytotherapy and Modern Medicine**” on **12/05/2023**. The Webinar was attended by **25** participants, including students and faculty members.

The event commenced with an inaugural address by **Dr.C.Jothimanivannan**, who emphasized the importance of integrating traditional phytotherapy with modern medical practices. The Webinar featured several distinguished speakers, including **Dr.E.Thilagam** and **Mrs.M.Manishawho** delivered insightful lectures on various aspects of phytotherapy and its role in modern healthcare.

The Webinar concluded with a vote of thanks,by the program coordinator. The feedback from participants was overwhelmingly positive, highlighting the relevance and timeliness of the topic.

Overall, the Webinar was a resounding success, providing valuable insights and knowledge to all attendees.

Dear All,

I hope this message finds you well. As part of our ongoing commitment to excellence in research and development within the **Department of Pharmaceutics**, I would like to draw your attention to the critical importance of adhering to regulatory guidelines in pharmaceutical development.

Adhering to these regulatory requirements is essential not only for the success of our projects but also for maintaining the integrity and reputation of our institution. I urge all members of the Department of Pharmaceutics to take these guidelines seriously and integrate them into your daily practices. The topic is "**Critical Importance of Regulatory Compliance In Pharmaceutical Development**" on 29/04/2023, from 10.00 am at SSIP seminar hall.

For any clarifications or further information, please do not hesitate to contact the office of the Program Coordinator or the Regulatory Affairs Team.

EVENT REPORT

DATE:03/05/2023

Subject: Post Event Report of “**Regulatory Aspects of Pharmaceutical Development**” in the Department of **Pharmaceutics**.

Respected sir,

I am pleased to inform you that the workshop on “**Regulatory Aspects of Pharmaceutical Development**” conducted on **29/04/2023**, was a resounding success. The event witnessed enthusiastic participation from both students and faculty members.

We had the privilege of hosting two eminent speakers from the industry and academia who shared their invaluable insights into the application of “**Regulatory Aspects of Pharmaceutical Development**”. Their presentations were well-received, and the interactive sessions provided participants with an opportunity to engage in meaningful discussions.

Feedback from attendees has been overwhelmingly positive, with many expressing their appreciation for the knowledge gained through the workshop. This event has undoubtedly enriched the academic environment of our department and has inspired students to explore new avenues in pharmaceutical technology.

I would like to extend my gratitude for your support in making this workshop possible. We look forward to organizing more such events in the future to continue enhancing the learning experience for our students.

Dear All,

We are pleased to announce that the Department of **Chemistry** will be hosting a webinar titled "**Chemistry of Renewable Biofuels**" on **01/04/2023**. This event is a significant opportunity for us to explore the cutting-edge developments in the field of renewable energy and its chemical underpinnings.

We encourage all faculty members, students, and interested parties to attend and actively participate in the discussions. This webinar will not only enhance our understanding but also provide valuable networking opportunities with experts in the field. Please mark your calendars and make arrangements to attend this informative session.

EVENT REPORT

DATE:04/04/2023

Subject: Post-Event Report on Webinar “Chemistry of Renewable Biofuels”.

Respected sir,

I am pleased to submit the post-event report on the webinar titled “**Chemistry of Renewable Biofuels**”, which was successfully conducted on **01/04/2023** in the college auditorium.

The webinar was well-received, with over **25** participants, including students and faculty members from the **Department of Chemistry**. **Mr.S.Pravinkumar** delivered an engaging keynote address, highlighting the latest developments in renewable biofuels, their chemical processes, and their potential to contribute to a sustainable energy future.

The session was interactive, with students actively participating in the Q&A segment. The feedback received from attendees was overwhelmingly positive, with many expressing their appreciation for the knowledge gained.

Overall, the webinar achieved its objective of enhancing the understanding of renewable biofuels among our students and faculty. I would like to extend my sincere thanks to you for your support in organizing this event.

EVENT REPORT

Date: 28/02/2023

Subject: Post-Event report on "Ethical Issues in Clinical Trials".

Respected sir,

On 25/02/2023, the **Department of Pharmacology** successfully organized a seminar on "**Ethical Issues in Clinical Trials.**" The objective of the seminar was to educate students and faculty members on the critical ethical considerations that must be adhered to during the conduct of clinical trials. The seminar was well-attended, with **120** participants, including students, faculty members, and invited guests.

The seminar on "**Ethical Issues in Clinical Trials**" was a resounding success. It not only raised awareness about the importance of ethics in clinical research but also encouraged participants to critically evaluate the ethical implications of their work. The Department of Pharmacology looks forward to organizing more such events in the future to continue fostering a culture of ethical integrity in clinical research.

I would like to extend my gratitude for your support in making this seminar possible. We look forward to organizing more such events in the future to continue enhancing the learning experience for our students.

EVENT REPORT

DATE:03/01/2023

Subject: Post-Event Report on the Workshop on "**Phytochemical Analysis of Medicinal Plants**".

Respected Sir,

I am pleased to submit the post-event report of the workshop on "**Phytochemical Analysis of Medicinal Plants**" conducted by the Department of **Pharmacognosy** on 30/12/2022.

The workshop was a great success with active participation from both students and faculty members. The event commenced with the inaugural session, followed by a series of insightful presentations by experts in the field. The interactive session that followed allowed participants to engage in discussions and clarify their doubts.

The objectives of the workshop were fully achieved as the participants gained valuable knowledge on the various aspects of phytochemical analysis, including its significance in drug development and other applications in pharmacognosy. The feedback from the attendees was overwhelmingly positive, with many expressing their interest in further exploring the topics discussed.

We are grateful for the support and encouragement provided by the management in organizing this workshop. We look forward to conducting more such events in the future to enhance the academic and research capabilities of our department.

EVENT REPORT

DATE: 09/11/2022

Subject: PostEventReport for “Polymer-Based Drug Delivery Systems Program”.

Respected sir,

I am pleased to inform you that the webinar "**Polymer-Based Drug Delivery Systems Program**" conducted on **05/11/2022** was a resounding success. The event witnessed enthusiastic participation from both students and faculty members.

We had the privilege of hosting two eminent speakers from the industry and academia who shared their invaluable insights into the application of “**Polymer-Based Drug Delivery Systems Program**”. Their presentations were well-received, and the interactive sessions provided participants with an opportunity to engage in meaningful discussions.

Feedback from attendees has been overwhelmingly positive, with many expressing their appreciation for the knowledge gained through the webinar. This event has undoubtedly enriched the academic environment of our department and has inspired students to explore new avenues in pharmaceutical technology. The polymer-based drug delivery systems program was a success, achieving its objectives and receiving positive feedback from participants. The program provided valuable insights and practical skills that will benefit participants in their academic and professional pursuits.

Dear All,

I am pleased to announce that **the Department of Chemistry** will be hosting a webinar on the "**Chemistry of Forensic Science**" on **30/09/2022**. This webinar is part of our ongoing efforts to enhance the academic and practical knowledge of our students and faculty in emerging and interdisciplinary fields.

This webinar is designed to provide valuable insights into how chemistry intersects with forensic investigations and will be beneficial for those interested in pursuing careers in forensic science or related fields. All students and faculty members are encouraged to attend and participate actively.

Further details regarding the agenda and guest speakers will be shared closer to the date of the webinar. We look forward to your enthusiastic participation.

EVENT REPORT

DATE: 29/08/2020

Subject: Post Event Report on "Epigenetics in Drug Response".

Respected sir,

We are pleased to share a summary of our recent workshop on "**Epigenetics in Drug Response**" held on **27/08/2020** at **SSIP seminar hall**. The event was a great success, featuring a series of insightful presentations and engaging discussions. The feedback from attendees has been overwhelmingly positive.

Participants appreciated the depth of the presentations and the opportunity to discuss emerging trends in epigenetics. Many expressed interest in future workshops focusing on specific applications of epigenetic research. We would like to extend our thanks to all the speakers, attendees, and organizers who contributed to the success of this event.

For those who missed the workshop or wish to revisit the content, presentation slides and a recording will be made available on our website shortly.

EVENT REPORT

DATE :29/08/2022

Subject:Post-Event Report on Seminar "**Herbal Drug Interactions with Conventional Medicines**".

Respected Sir,

I am pleased to report the successful completion of the seminar on "**Herbal Drug Interactions with Conventional Medicines**," which was held on **05/08/2022** in the Department of **Pharmaceutical analysis**.

The external guests delivered an insightful lecture on the various aspects of herbal drug interactions with conventional medicines, highlighting both theoretical knowledge and practical case studies. The session was highly interactive, with participants engaging in a lively Q&A session.

The seminar provided valuable knowledge to all attendees and was well-received by the participants. Feedback collected after the event indicated a high level of satisfaction and appreciation for the relevance and quality of the content delivered. I would like to extend my sincere gratitude to you for your support and approval, which made this seminar possible. We look forward to organizing more such educational events in the future.
