Approved by Tamilnadu Government & Pharmacy Council of India, New Delhi.

Affiliated to the Tamilnadu Dr. M.G.R. Medical University,

and The Directorate of Medical Education, Chennai.

Green Campus Initiatives

In keeping with our commitment to green practices, SS Institute of pharmacy is working towards becoming a Green Institution by planting more trees throughout the campus. We have introduced various herbal plants, established a herbal garden, and planted fruit trees to make the best use of available land. The garden features local tree species that help cool the campus during hot summer months and enhance the overall ambiance.

The following green campus initiatives are implemented at our institution:

1. Tree Planting:

Increased Greenery: We are actively planting more trees both within and around the campus. This effort enhances the campus environment and contributes to a cooler, more pleasant atmosphere during hot summer months.

and The Directorate of Medical Education, Chennai.

2. Herbal and Local Plant Gardens:

Herbal Plants: A dedicated herbal garden features a variety of local species, including medicinal and aromatic plants. This not only supports biodiversity but also provides educational opportunities for students interested in herbal and environmental sciences.

Local Species: The inclusion of native trees and plants helps maintain the ecological balance and ensures the campus remains vibrant and green year-round.

4. Improved Campus Ambience:

Cooler Environment: The strategic planting of trees and herbal plants helps to lower temperatures and create a more comfortable environment for students and staff.

5. Pedestrian Pathway

The image displays a peaceful, tree-lined pathway, possibly part of a campus walkway at the SS Institute of Pharmacy. The neatly paved path, surrounded by trees, leads into the distance, suggesting it might be a main walkway between buildings. On the right side, there is a structure that could be part of the institute, with basketball hoops visible, indicating a sports or recreational area nearby.
