CIRCULAR

DATE: 22/05/2024

Dear All,

We are pleased to announce a webinar on the "**Pharmacokinetics and Pharmacodynamics of Anticancer Drugs**" organized by the **Department of Pharmacology**. This webinar will provide an in-depth exploration of how anticancer drugs interact within the body and their impact on cancer treatment efficacy and safety.

The webinar will feature presentations by leading experts in the field, followed by interactive discussions. It is an excellent opportunity for all students, faculty, and researchers to gain insights into cutting-edge research and advancements in oncology pharmacology.

We encourage everyone to attend and participate actively in this academic event. Your presence and engagement will contribute to the success of the webinar and enhance our collective knowledge in this critical area of research.

EVENT REPORT

DATE: 03/06/2024

Subject: Post Event Report on webinar Conducted about “**Pharmacokinetics and Pharmacodynamics of Anticancer Drugs**” in the Department of Pharmacology.

A webinar on “**Pharmacokinetics and Pharmacodynamics of Anticancer Drugs**” was successfully conducted by the **Department of Pharmacology** on **31/05/2024**. The objective of the webinar was to provide a comprehensive understanding of the pharmacokinetic and pharmacodynamic principles specifically related to anticancer drugs, which are critical for both research and clinical practice in oncology.

Post webinar feedback was collected from the participants. The overall response was positive, with attendees appreciating the relevance of the topics covered and the expertise of the speakers. Suggestions were made for future webinars to include hands-on workshops and case studies to further enhance practical knowledge.

The webinar on “**Pharmacokinetics and Pharmacodynamics of Anticancer Drugs**” was a resounding success. It provided a platform for knowledge exchange between academia and industry, fostering collaborations that could lead to advancements in cancer treatment. The Department of Pharmacology looks forward to organizing more such events in the future to continue contributing to the field of pharmacology.

EVENT REPORT

DATE: 02/04/2024

Subject: Report on the Workshop "**Green Chemistry in Pharmaceutical Manufacturing: Principle and Practice**".

Respected sir,

We are pleased to report on the successful organization and execution of the workshop titled "**Green Chemistry in Pharmaceutical Manufacturing: Principle and Practice**" held on [30/03/2024] by the **Chemistry** Department. The workshop was aimed at providing insights into sustainable practices in pharmaceutical manufacturing, emphasizing the importance of green chemistry principles in the industry.

The workshop on "**Green Chemistry in Pharmaceutical Manufacturing: Principle and Practice**" was a significant step towards promoting sustainable practices in our academic and professional community. I recommend that similar events be organized in the future to continue this important dialogue.

Thank you for your continued support in our efforts to provide quality education and promote sustainability. I would like to extend my gratitude to the organizing committee, guest speakers, faculty members, and students who contributed to the success of this workshop.

EVENT REPORT

DATE:25/10/2023

Subject: Post-Event Report: Workshop on "Medicinal Plants for Covid-19 Treatment".

Respected sir,

I am pleased to submit the post-event report for the workshop on "Medicinal Plants for COVID-19 Treatment," which was successfully conducted on 21/10/2023 in the SSIP seminar hall. The workshop was attended by 230 participants, including students and faculty members from the Department of Chemistry. Our distinguished guest speaker, delivered an insightful lecture on the role of medicinal plants in the treatment and prevention of COVID-19. The presentation covered the latest research findings, traditional uses of various plants, and the potential for future studies in this area.

The workshop concluded with an interactive session where participants engaged in a lively discussion with Dr.C.Jothimanivannan, asking questions and sharing their thoughts on the subject. The feedback from the attendees was overwhelmingly positive, with many expressing a deeper interest in exploring this field further.

I believe that the workshop was a great success and achieved its objective of enhancing the knowledge and understanding of medicinal plants in the context of COVID-19 among our students and faculty.

Thanking you,
