EVENT REPORT

Date: 23.09.2023

Respected sir,

Subject: Report on the Awareness Program on “Public Lectures on the Importance of Vaccination”.

We are pleased to submit the post-event report for the awareness program on public lectures about the importance of vaccination, conducted on **21.09.2023** at **Seetharampalayam Primary Health Care Center**.

The event was a great success, with a total of **28** students and **20** residents from the nearby village in attendance. The sessions were led by healthcare professionals who delivered insightful lectures on the benefits of vaccination, debunked common myths, and addressed the concerns of the participants.

The feedback received from both students and community members was overwhelmingly positive. Many participants expressed a better understanding of the importance of vaccination and showed interest in spreading the message further within their communities.

Beneficiaries of the Program:

1. **College Students:** Gained comprehensive knowledge about vaccination, enabling them to make informed decisions about their health.
2. **Nearby Village Residents:** Improved awareness about the significance of vaccines, potentially increasing vaccination rates within the community.

Overall, the program successfully met its objectives of educating the participants and fostering a more informed and healthier community.

- Attendees reported feeling more confident in handling their medications. Several elderly individuals mentioned that they were previously confused about the purpose of some of their prescriptions but now feel more in control.
- A common challenge identified was the lack of access to regular medical care and follow-ups. We have recommended that local healthcare providers collaborate with our campus to conduct regular follow-up sessions.
