## EVENT REPORT

Date of the Event : 8/31/2024  
Title of the Event : Innovative Approaches in Drug Delivery Systems  
No of Students Participated : 50

### Images with Geo Tag : Innovative Approaches in Drug Delivery Systems

### Summary of the Event

On 31st August 2024, the Research and Development Cell organized a seminar titled "Innovative Approaches in Drug Delivery Systems." The session was conducted by Mr. S. Pravinkumar and attended by final-year students of the VII semester V with active participants of 50. The seminar aimed to highlight advancements and modern strategies in the field of drug delivery, focusing on improving therapeutic outcomes and patient compliance. Topics such as nanocarriers, targeted delivery, and smart drug systems were discussed. The interactive session encouraged student participation and broadened their understanding of emerging technologies in pharmaceuticals. It was a highly informative and enriching experience for all attendees.

### Summary of the Event

On 21st September 2024, a seminar titled "Startup to Scaleup: Entrepreneurial Journey in Pharma Sector" was conducted by Mrs. C.Kalaiselvi for the students of V and VII semesters with active participants of 45. The session aimed to inspire budding professionals by exploring the entrepreneurial landscape within the pharmaceutical industry. Mrs. Kalaiselvi shared her insights on transforming ideas into startups and scaling them into successful ventures. The seminar covered funding, innovation, regulatory aspects, and real-world challenges in the pharma business. The session was highly engaging and encouraged students to consider entrepreneurship as a viable career path. It was both informative and motivational.

**Images with Geo Tag :** Business Model Canvas for Pharmacy Startups

### Summary of the Event

On 28th December 2024, the Entrepreneurship Development Cell organized a seminar on "Business Model Canvas for Pharmacy Startups," conducted by Mrs. M.Vanitha. The session was attended by 56 students from the V semester and III Semester. Mrs. Vanitha introduced the concept of the Business Model Canvas as a strategic tool for visualizing and planning pharmacy-based startup ventures. She explained the nine key building blocks, including value propositions, customer segments, revenue streams, and more. The session encouraged students to think innovatively and explore entrepreneurial opportunities in the pharmaceutical field. It was a highly interactive and insightful seminar that sparked interest in business planning.

### Summary of the Event

On 25th January 2025, the Intellectual Property Rights Cell organized a session on "Patent Filing Process for Pharmaceutical Inventions" and "Formulation Development: From Lab to Market". The session was attended by 55 students. Mr. Prakash elaborated on the detailed procedures involved in filing pharmaceutical patents, including legal considerations and documentation. He also discussed the journey of formulation development, from initial research to market-ready products. The seminar enhanced students' understanding of innovation protection and product commercialization. It was an insightful and practical session that bridged the gap between research and industry application.

## EVENT REPORT

Date of the Event : 3/22/2025  
Title of the Event : Formulation Development: From Lab to Market  
No of Students Participated : 55

**Images with Geo Tag :** Formulation Development: From Lab to Market

### Summary of the Event

On 22nd March 2025, the Research and Development Cell organized an insightful session on “Formulation Development: From Lab to Market,” conducted by Mrs. V.Deepabharathi. The session focused on the various stages of pharmaceutical formulation, from initial concept and lab research to final product development and market launch. Mrs. Deepabharathi highlighted the importance of regulatory requirements, quality control, and scalability in formulation processes. Students actively engaged with real-world case studies, enhancing their understanding of industrial practices. The session proved instrumental in bridging academic knowledge with practical pharmaceutical applications.

**Images with Geo Tag :** Case Studies on Patent Disputes in the Pharma Industry

### Summary of the Event

On 19th April 2025, the Intellectual Property Rights Cell organized an insightful session titled "Case Studies on Patent Disputes in the Pharma Industry" under the guidance of Mrs. K.Sowndarya. The event was conducted for V Semester students, with active participation from 53 members. The session highlighted real-world patent disputes in the pharmaceutical sector, focusing on legal battles between major pharma companies and generic drug manufacturers. Students gained valuable knowledge about patent laws, innovation rights, and the ethical challenges in ensuring access to essential medicines. The event was highly informative and encouraged critical thinking on intellectual property issues in healthcare.
