Respected sir,

Subject: Request for Approval to Conduct "Health and Hygiene Awareness Program for Children and Nearby Villages

I am writing to seek your approval to organize an awareness program on "Health and Hygiene" targeting children in nearby villages and the college students. The objective of this program is to educate children on the importance of maintaining personal hygiene and adopting healthy habits to prevent common diseases. This initiative is crucial as it aligns with our college's mission to contribute positively to the community's well-being.. We intend to collaborate with local health authorities and volunteers from our college. We propose to conduct the event on 20.01.2021 and the venue will be SSIP campus. I kindly request your approval to proceed with the necessary arrangements for this event. Your support and guidance in this endeavor would be highly appreciated.

Thanking you ,

EVENT REPORT

Date: 15.03.2021

Respected Sir,

Subject: Report on "Poison Prevention Awareness Program".

We are pleased to submit the post-event report on the "Poison Prevention Awareness Program" held on 11.03.2021 at SSIP seminar hall. The event was successfully conducted, with active participation from both college students and residents of nearby villages.

Event Overview:

The program was designed to educate participants on the various aspects of poison prevention, including the identification of hazardous substances, safe handling practices, and first aid measures in case of poisoning incidents. Experts in toxicology and first aid conducted interactive sessions and practical demonstrations, which were well-received by the audience.

Participation:

- **College Students:** Approximately 24 students from various departments attended the program.
- **Villagers:** Around 36 residents from nearby villages participated.

Beneficiaries:

The program successfully reached 60 beneficiaries, including students and villagers. The participants expressed their appreciation for the valuable information and practical knowledge shared during the event. The awareness raised through this program is expected to contribute significantly to reducing the risk of poisoning incidents in our community.

Conclusion:

The Poison Prevention Awareness Program was a great success, and it would not have been possible without your support and encouragement. We believe that this initiative has made a positive impact on the participants, equipping them with essential knowledge to protect themselves and their communities from the dangers of poisoning.
